

COMBINATION #1

*Defense against: **Hook punch to head.***

Combination 1 is vicious and direct, a true Tiger technique.

Start in Left Fighting Stance. As opponent attacks, aggressively step-glide forward with left foot toward 10:30 and deliver Left Outward Tiger's Rake across face, immediately followed by Right Blood Palm to side of head. Wrap attacking arm over the top with your left arm and deliver Right Chicken Wrist to face. Take opponent down with Right Tiger's Mouth to throat and Right Leg Hock to opponent's right leg. Continue holding opponent tightly with your left arm, and deliver Right Front Two Knuckle Punch to temple, then finish with a circular Right Shuto to bridge of nose.
